

Congratulations goes to **Health Care Management** major, **Arianna Goss**, as the recipient of the **Foster G. McGaw Scholarship**.

The award is provided by HCM's certifying body, the **Association of University Programs in Health Administration (AUPHA)**, and comes with a **\$500.00** monetary prize. The Foster G. McGaw Scholarship provides financial support to undergraduate and graduate students studying in the field of health administration. Scholarship funds are given each year to all AUPHA full graduate and undergraduate programs. Each respective program's faculty then identifies a student from their specific program to receive the recognition.

The HCM program has participated in the McGaw award process for the last several years and **more than 900** awards have been given since the scholarship was established in 1975. The scholarship was endowed by **Foster G. McGaw**, founder of the **American Hospital Supply Corporation**. McGaw recognized the importance of health administration education and AUPHA's contribution to the field. We are thrilled to add **Arianna** to the distinguished list of previous award recipients!
