2020 MEMORANDUM

TO: Sophomore Dental Hygiene Students (Class of 2023)

FROM: Faith Y. Miller, RDH, MSEd
       Dental Hygiene Program Director

DATE: June 2020

SUBJECT: Orientation Package

Welcome and congratulations on your acceptance into the Dental Hygiene program! The faculty and students are looking forward to meeting you. You have an exciting professional future ahead of you, and we are pleased to be a part of it.

This packet contains announcements, information about instruments, scrubs, CPR, immunizations and many other items. Please read all the material carefully. We are continuing with our “go green” initiative in terms of reducing the amount of paper used for patient information and student evaluations, so to that end, we request that incoming students have a notebook, (e.g., PC or tablet (iPad) to upload materials, videos, and any other instructional and evaluation materials used in the program.

Please read the Policy and Procedure Manual for Dental Hygiene on the SIU Dental Hygiene website (http://sah.siu.edu/undergraduate/dental-hygiene/). Please sign and date page 3 of the Policy and Procedure Manual for Dental Hygiene and bring it with you on Tuesday, August 18, 2020.

Enjoy the remainder of your summer. We will see you on Monday, August 17, 2020.
HELPFUL SUGGESTIONS FOR INCOMING SIU DENTAL HYGIENE STUDENTS

• Please refrain from having your dentist office or clinic expose full mouth radiographs (FMX) **PRIOR** to entry into dental hygiene school. You will be exposing images on a partner your second year of the program, so to prevent overexposure, follow these suggestions.

• Please do not allow upper classmen in the SIU Dental Hygiene program to expose radiographs of any kind due to the chance of overexposure. If there is an emergency or you are having problems with your teeth, please alert a faculty member and they can decide on proper procedure and protocol.

• Please purchase new textbooks to allow for new access code use. You will use many of the textbooks throughout the entire program so we do not advise renting of textbooks.

• Please buy all textbooks before the first day of classes.
ANNOUNCEMENTS

CPR/BLS Certification

We require all students to be certified in CPR PRIOR to patient contact in September 2020. You MUST complete the CPR course before fall classes begin. Only CPR certifications from the American Heart Association for Health Care Providers or the American Red Cross CPR/AED for Professional Rescuer are accepted. Generally the certification is good for TWO years. Please ask BEFORE taking a course how long the certification is. CPR courses are taught at a variety of locations in the communities such as hospitals, fire stations, and ambulance services. It is a skill that must be practiced, therefore, online courses are NOT acceptable. Please make two photocopies (front and back) of your CPR certification card. Send one of the copies with the immunization forms and keep the second one for future use.

Clinical Rotation Sites

This degree program requires the successful completion of Clinical Rotations. In accordance with guidelines, these affiliation sites will require students to undergo a criminal background check (including fingerprints) and drug screening.

Financial Aid

There are a limited number of scholarships and tuition waivers specifically for dental hygiene students. However, students are not eligible for most of the awards until they have completed their first year in dental hygiene.

Financial aid such as grants, loans, and tuition waivers should be discussed with the Office of Financial Aid in SIU Carbondale, 1263 Lincoln Drive, Student Services Building, 2nd floor, Carbondale, Illinois 62901. Hours: 8:00 - 4:30 Monday – Friday Phone: (618) 453-4334 Fax: (618) 453-7305 E-mail: fao@siu.edu

A memorandum of expenses specifically for dental hygiene students is included in the packet. Financial aid personnel usually request a copy of the memo so they may arrange additional funding. You may also obtain scholarship information by visiting the web sites of the American Dental Hygienists’ Association (www.adha.org) or https://www.adha.org/ioh/programs/scholarship_list.htm and the American Dental Association (www.ada.org). In addition, there are scholarships available to minority students and we encourage you to apply. Some examples: National Dental Hygienists’ Association (http://www.ndhaonline.org/#/scholarship/-c1mhs) Membership is required to apply. Check online for the current student fee.

If you are a sophomore transfer student, you may apply for the New Student Tuition Waiver Scholarship. New sophomore transfer students will find a scholarship application enclosed. Please return by August 1, 2020. The form is also on the dental hygiene program website.

Registration

If you have any questions or concerns regarding your class schedule, please contact Michael Rowell at (618) 453-8869 or michael.rowell@siu.edu
Approximate Costs for 2020-2021 Supplies/Expenses

An instrument/supply kit must be purchased from approved dental vendors. The contents of the kit have been carefully selected by the Dental Hygiene faculty. The kit will be your major expense for the sophomore year of the program and is covered by the $1700 class fee for DH207C. You will receive this kit during the first week of classes. The following additional costs list is provided to help you plan for your first year expenses. These costs are estimated and may change due to price fluctuations.

Books $ 750.00 (estimated costs for 3 years-some books are used for more than one course)
Vital signs equipment $ 70.00 (Sophomore Year only)
Instruments & Supplies kit $ 1700 (Covered by DH 207C Class fee.
N-95 respirator fit testing* $ 25.00
Kilgore manikin & mount $ 443.00
Clinic attire $ 300.00 (Sophomore Year only)
Professional meetings $ 45.00 (Sophomore Fall semester)
SADHA dues $ 195.00 (3 years, Professional Association, Student member)
Pinning Ceremony Pin $ 6.00 (Initiation/ADHA pin)

Estimated total – minus instruments & Supplies kit $1834

* Student Health Services will be perform N95 respirator fit testing for all members of our program. Those who have paid the Student Health Center Fee will pay a $10 door fee. Those who have not paid the Student Health Center Fee or waived said fee will pay $25.

***Important purchasing information:

- You must purchase the manikin and mount chosen by your faculty from Kilgore PROIR to the first day of classes. See page 6 of this packet for instructions.
- Books should be purchased prior to the first day of class. (A listing of books are on the program website. The costs will vary depending upon where students purchase the books.)
- Check or money order for $316.00 made payable to: the Student American Dental Hygienists’ Association, or SADHA This check or money order will cover the vital signs equipment, professional meetings, association dues for 3 years and an initiation pin. It will be due on Tuesday August 18, 2020
- Shoes should be purchased prior to coming to SIUC. They MUST be:
  - WHITE OR BLACK (completely white or black with no color)
  - SOFT SOLED
  - NO MESH
  - NEWLY PURCHASED
  - They must NOT be Crocs, sandals, clogs, slingbacks, canvas, boots or have ANY color. (Prices will vary per individual preferences)
  - Please email Mrs. File with questions and/or pictures about shoes if needed – safrdh@siu.edu
- Scrubs & scrub caps (approximately $300) should be purchased prior to the first day of class Tuesday, August 20, 2020. (Tops and jackets will be monogrammed for $6.00 per item. This will be arranged by the program, so do not have anything monogrammed beforehand.) Payment for monogramming is due Tuesday, August 18, 2020. Please see pages 7-8 for more details about scrubs for men and women.
Kilgore manikin/typodont & mount kit - $443

Please purchase this in time for you to have it for the first week of classes.

1) Log into 'www.kilgoreinternational.com'

2) In the upper right hand corner next to 'Welcome', place your cursor over 'Products' until the drop down appears. Then, click onto 'School Course Links'

3) The Password Page will appear. Type 'Schools2020' (with a capital S) and click enter

4) A list of Schools and Institutions will appear. Click onto 'Southern Illinois (Carbondale)-Mandatory’ to review your kit.

5) Add the kit to cart and use your credit card information to purchase
Congratulations on your acceptance in the SIUC Dental Hygiene Program. The Medicine Shoppe in Mt. Vernon, IL will be providing your vital sign kits for the 2020-2021 school year.

The vital sign kit will include the following items:
- Stethoscope (latex-free)
- Blood pressure cuff (nylon covered)
- Probe covers
- Matching carrying case (4 x 7” included)

Linda Black, The Medicine Shoppe

Also included in the vital signs kit is a basic thermometer provided by MediCenter Pharmacy in Du Quoin, IL

The cost for the adult standard kit will be $70.00.
**Scrubs**

You are required to purchase three black Cherokee-brand uniform sets (scrubs), a warm-up jacket and **3-5 scrub caps** prior to coming to campus.

The color of the scrub set (pants and tops) must be **BLACK**.

The color of the scrub jacket may be black, white or burgundy/wine.

You may purchase any design of scrub cap/hat type you would like keeping in mind to avoid any fabric that features inappropriate designs such as drugs, alcohol, profanity, etc. Please assure that the cap/hat that you choose covers and contains all of your hair. You may be required to purchase additional caps/hats in the future to accommodate a change in hairstyle.

During the first week of classes, the uniform tops will be collected and taken to a private monogramming service for monogramming. Monogramming for the warm-up jacket is optional and will be at the same price as the uniform tops.

**The cost for monogramming is $6 per item.**

You may purchase the scrubs from any uniform business that carries the Cherokee brand.

You must purchase three tops and three pants from the following Cherokee styles on the next pages. (You may purchase all three of the same style. You DO NOT NEED one of each of the following styles. **PLEASE SELECT THE STYLE THAT GIVES YOU THE BEST FIT AND COVERAGE.** WHEN TRYING THEM ON, SIT, SQUAT AND BEND OVER TO BE SURE ALL BODY PARTS ARE WELL COVERED AND STAY COVERED. **PLEASE DO NOT PURCHASE LOW-RISE PANTS.**

DENTAL HYGIENE REGULATIONS
SOUTHERN ILLINOIS UNIVERSITY CARBONDALE

General Regulations:

1. Student must purchase three uniforms (scrubs), 1 warm up jacket and selected by the faculty.
2. Student must purchase 3-5 scrub caps/hat of their choice using discretion.
3. Student must purchase one pair of white or black shoes according to enclosed criteria.
4. Student must purchase manikin and mount selected by faculty prior to the first day of classes.
5. Student must purchase instruments and supplies selected by the faculty.
6. Student must wear personal protective equipment. Specific requirements will be discussed in class.
7. Student must purchase some expendable supplies each semester.

Regulations concerning personal appearance:

1. Instrumentation Lab, Radiology Lab, and Assessment Lab: Professional attire is required, consisting of:
   a. School scrubs and caps (scrubs must overlap at the waist band when sitting or squatting)
   b. Disposable gown
   c. White or black clinic shoes
   d. Crew Socks (socks that will completely cover from calf down. NO ankle or no-show socks)
   e. NO jewelry (including watches, earrings, rings, etc.)
   f. Short bare fingernails (no nail polish)
   g. Clean, freshly washed uniform (no tobacco or perfume odor)
   h. If wearing a N95 respirator mask, all facial hair must meet OSHA guidelines for use of this mask.

Regulations concerning professional meetings and continuing education programs:

It is your obligation to attend professional meetings as announced. Several continuing education courses will be required during the program. Registration fees must be paid by the student.

I have read, fully understand, and will comply with and adhere to the above stated regulations.

Signed: ________________________________  Dated: ________________________________

I have read and understand that the approximate total cost for the three years of the Dental Hygiene professional sequence (in addition to tuition, fees, and housing) is approximately $5210. I understand these additional costs cannot be charged to my Bursar's bill.

Financially Responsible Party:

Information About Hepatitis, TB and Latex Allergy

As a dental hygiene student, you will come in contact with many people who may be carrying an infectious disease. For this reason, the SIUC Dental Hygiene program strictly adheres to the Centers for Disease Control and Prevention’s guidelines and the Occupational Safety and Health Administration’s requirements in the use of Universal / Standard precautions.

We want you to be aware of some of the pathogens a patient could possibly be infected with that you may encounter in our clinic.

◆ **HIV/AIDS** – the virus that causes AIDS is HIV. It is estimated that 1 million Americans are infected with it. This virus can be occupationally transmitted through blood and saliva in the dental setting. There is no immunization or cure for HIV/AIDS.

◆ **Hepatitis B** – This virus can cause liver disease and death in a small number of those infected with it. It is estimated that 250,000 Americans each year are newly infected with hepatitis B and 8-14% become carriers (able to infect others). This virus is occupationally transmitted through blood and saliva in the dental setting.

**HBV Vaccination** – Fortunately, there is a safe and effective vaccination available to prevent hepatitis B infection. The series of three injections is given over a six-month period. For most people, the only side effect is a sore arm (see next sheet for more details).

Due to the real risk of occupational exposure, all dental hygiene students are required to obtain this immunization prior to seeing patients Fall semester. **The student is required to obtain hepatitis B antibody testing prior to the beginning of the Fall semester. If antibody testing is negative, the student must provide proof of a Hepatitis B booster and be prepared to have repeat antibody testing 1-2 months after the booster.** Documentation of the three immunizations and antibody testing must be filled out on the immunization form. Proof of beginning the HBV series must be presented the first week of class.

◆ **Hepatitis C** – This virus is the number one cause of liver disease in the United States. It is estimated that 35,000 Americans each year are newly infected with hepatitis C and 80-100% become carriers (able to infect others). This virus is occupationally transmitted through blood and saliva in the dental setting. There is no immunization or cure for hepatitis C.

◆ **Tuberculosis** – This bacteria is spread mainly through the cough, sneeze or talking of a person with active TB disease. The bacterium is then breathed in and can start an infection in other people. Nationwide, the number of TB cases continues to decrease and currently around 18,000.

**TB Testing** – There is a small chance that a person with infective TB could present in our clinic due to the very diverse group of people that we see. Therefore, we require all students and faculty to be tested for TB annually. This test should be obtained prior to starting the fall semester and documentation included on your immunization form.

◆ **Latex Allergy** – Though a latex allergy is not caused by a pathogen, we wanted to alert you to the increase in latex sensitivity among health care workers. A powder free, low protein latex glove policy is in place in order to reduce this risk. Symptoms of latex allergy include: flushing, itching, skin rash, nasal, eye, or sinus symptoms or asthma when around latex products.
Acknowledgment of Information Regarding Hepatitis B and Latex Allergy in the Dental Environment
Southern Illinois University Carbondale Dental Hygiene Program

Statement: It is accepted knowledge that hepatitis B is an occupational hazard in the dental setting. Dental personnel are at risk for the potential of acquiring hepatitis B while practicing their chosen profession because of continual exposure to saliva and blood from patients. In recognition of these facts, Southern Illinois University Dental Hygiene has informed dental hygiene students of this risk, potential implications associated with the risk, and the availability of preventive vaccination.

PLACE YOUR SIGNATURE ON ONE OF THE APPROPRIATE LINES BELOW. CAREFULLY READ THE STATEMENTS BEFORE SIGNING AND SIGN ONLY THE APPLICABLE STATEMENT(S).

1. I have previously received the Hepatitis B vaccine. Please see health form for dates of all three injections.
   Signature ____________________________ Date ____________________

2. I have had a blood test that was positive for Hepatitis B antibodies.
   ___I am positive/reactive for antibodies    ___I am negative/non-reactive for antibodies
   Signature ____________________________ Date ____________________

3. I have a Type I latex allergy and need special accommodation. Documentation of this condition has been attached.
   Signature ____________________________ Date ____________________

4. I may have a latex allergy and will follow this up with my doctor prior to class. I will send the doctor’s report to the Health and Safety Coordinator.
   Signature ____________________________ Date ____________________

**Dear Health Care Provider:**

The person presenting this form for completion is an entering Dental Hygiene student at Southern Illinois University in Carbondale, Illinois. He/she will be working closely with dental patients. For protection of both the future patients and the student, we require proof of a TB test that was taken no earlier than May 1, 2020. We also require that the students obtain immunization against Hepatitis B and Hepatitis B antibody testing. Please complete the form below.

Faith Y. Miller, RDH, MSEd  
Dental Hygiene Program Director

Dental Hygiene Program Re-Admission Policy

1. A student who fails a class or classes in the Dental Hygiene program, whether it is a fall or spring semester course, must reapply to the program for fall re-admittance. The student must rank high enough in the program selection process for re-entrance into the program. Year one is for General Education courses only. Year two is when the student begins the Dental Hygiene Program, for which this re-admission policy applies.

   ➢ If a student fails a year-two fall semester DH course, they must re-register for that course and they must attend and complete course work, test, exams, etc., with a passing grade. In addition to retaking the failed course, the student will need to retake DH 207, DH 207C, DH 210, DH 210C, DH 218 and DH 218L. They will not be required to re-register for the courses they have successfully passed, but will have to register and pay for a minimum of 1 (one) credit hour of independent study each course.

   ➢ If a student fails a year-two spring semester DH course, they must re-register for that course and they must attend and complete course work, test, exams, etc., with a passing grade. In addition to retaking the failed course, the student will need to retake DH 219, DH 219L, DH 220, DH 220C. They will not be required to re-register for the courses they have successfully passed, but will have to register and pay for a minimum of 1 (one) credit hour of independent study each course.

   ➢ If a student fails a year-three fall semester DH course, they must re-register for that course and they must attend and complete course work, test, exams, etc., with a passing grade. In addition to retaking the failed course, the student will need to retake DH 320 and DH 320C. They will not be required to re-register for the courses they have successfully passed, but will have to register and pay for a minimum of 1 (one) credit hour of independent study each course.

   ➢ If a student fails a year-three spring semester DH course, they must re-register for that course and they must attend and complete course work, test, exams, etc., with a passing grade. In addition to retaking the failed course, the student will need to retake DH 355 and DH 355C. They will not be required to re-register for the courses they have successfully passed, but will have to register and pay for a minimum of 1 (one) credit hour of independent study each course.

   ➢ If a student fails a year-four fall or spring course, they will be evaluated on a case-by-case basis.

2. The failed course or courses must be registered for and passed according to the program/course attendance and grading scale specifications.

3. A student will be eligible for re-admittance into a program only once due to failure. Meaning, a student will be eligible to go through the Dental Hygiene program no more than two times maximum.

By signing this form I have read, and agree, to the Dental Hygiene Program Re-Admissions Policy. I understand that I must follow all policies and procedures of the Dental Hygiene Program, or I will forfeit my position in the program.
